REQUEST FOR RECONSIDERATION  
OF DENIAL OF PETITION TO WITHDRAW HOLDING OF ABANDONMENT  
AND PETITION FOR EXTENSION OF TIME

---

Sir:

PETITION FOR EXTENSION OF TIME

Applicants petition to extend the time for filing the Request for  
Reconsideration for one (1) month from October 16, 2007, up to and including November  
16, 2007. The Commissioner is authorized to charge the amount of \$120.00 for payment  
of the extension fee to our Deposit Account No. 06-1205.

REQUEST FOR RECONSIDERATION

Applicants respectfully petition the Commissioner to reconsider the Decision on Petition dated August 16, 2007, denying Applicants Petition to Withdraw Holding of Abandonment filed June 27, 2003, and restore the above-identified application to pending status on the grounds that Applicants never received a Notice of Allowance and Issue Fee due purportedly mailed September 8, 2000.

FACTS

1. Applicants filed the above-identified application as a divisional application under 37 CFR 1.53(b) on July 9, 1999, in the U.S. Patent and Trademark Office (PTO). The utility patent application transmittal (a copy of which was attached as Appendix A in the original Petition) accompanying the divisional filing papers explicitly listed the correspondence address by way of Customer Number 05514. As of that date, the PTO associated with that customer number Applicants' representatives' current address:

FITZPATRICK, CELLA, HARPER & SCINTO  
30 Rockefeller Plaza  
New York, New York 10112-3801

2. A copy of the Combined Declaration and Power of Attorney from parent application No. 08/579,241 was submitted with this divisional application. Although the mailing address in the Combined Declaration and Power of Attorney lists Applicants' representatives' prior mailing address, all original documentation submitted

with the divisional application, including the Preliminary Amendment, Claim to Priority, Request for Approval to Amend the Drawings, and Information Disclosure Statement, included Applicants representatives' current mailing address.

3. Prior to filing this application, Applicants' representatives had taken necessary steps to ensure the PTO was aware of the new correspondence address in the parent application and for all current and future filings associated with their Customer No. 05514. Documentation was provided with the original Petition demonstrating that this change of address was effected in the parent application at least by June 19, 1998, which was more than one year prior to the filing date of this application.

4. Although Applicants received an Office Action dated December 28, 1999, in this application, and subsequently and timely responded to that Office Action, no other correspondence from the PTO was received by Applicants' representatives in this application other than the Decision on Petition.

5. Applicants' undersigned representative learned that this application was abandoned on June 6, 2003, in a telephone conversation with reception in Technology Center 2800.

6. The original Petition to Withdraw Holding of Abandonment was filed June 27, 2003.

7. A Decision on Petition was mailed August 16, 2007, advising that the original Petition was insufficient to withdraw the holding of abandonment. The Decision held that Applicants failed to comply with 37 CFR 1.63(d)(4) in not identifying

the change in correspondence address in this application and that the original Petition did not set forth that Applicants' representatives searched the file jacket or the place where PTO communications would be kept, nor provide a copy of a docket record where the non-received Office communication would have been entered had it been received and docketed.

### ARGUMENTS

Initially, Applicants respectfully submit that they have not been non-compliant with Rule 1.63(d)(A). When Applicants' representatives' correspondence address changed, although the parent application was pending, the instant application was not extant. Therefore, there was no need to identify the change of address in this application. More importantly, in keeping with accepted PTO practice, the utility patent application transmittal explicitly listed Applicants' Customer Number 05514 as being the correspondence address for this application. At the time of filing, PTO records associated Applicants' representatives' current mailing address as the correspondence address for that Customer Number. Without conceding to its necessity, Applicants are also submitting concurrently herewith a Change of Correspondence Address as directed in this Petition.

Applicants' undersigned representative also hereby states that Applicants' representatives' file jacket and docket records have been searched and such indicate that the Notice of Allowance and Issue Fee Due purportedly mailed September 8, 2000, was not received by Applicants' representatives. A copy of Applicants' representatives' docket record dated three months after the purported mailing date of the Notice, namely December

8, 2000, is attached. No entries for Application No. 09/349,473 were docketed for that date.

RELIEF REQUESTED

The Commissioner is respectfully requested to restore the above-identified abandoned application to pending status since Applicants' representatives gave the correct correspondence address in the original filing papers of this application and never received the Notice of Allowance and Issue Fee Due purportedly mailed September 8, 2000, through no fault of their own. It is respectfully requested that a new Notice of Allowance and Issue Fee Due be mailed, resetting the period for paying the Issue Fee.

FEE

The Commissioner is hereby authorized to charge the Deposit Account No. 06-1205 for any fees that may be due to the filing of this Request for Reconsideration. However, since it is believed that the holding of abandonment is a result of circumstances not attributable to Applicants or their representatives, it is respectfully submitted that no fee is due.
